

Role Play by the Students

Role Play on Bobble Sort
Here we demonstrated Bobble Sort Technique in sorting the numbers in Ascending Order

In this role Play the Students demonstrate Waterfall Model

1. Author of SE Textbook.
2. The earliest software developed was.
3. The software which is used to implement and control features and functions.
4. The bed rock of software layered technology
5. The standard model which measures the level of project.
6. Spiral ,prototype are examples of which models.
7. Old softwares are called as..
8. The second layer of software process layer.
9. The author of second text book of SE.
10. The model which develops the product in just 3-4 months.
11. Level 5 of CMMI model
12. Last layer of layered process.
13. The people involved in the project are called as
14. Level 3 of CMMI model
15. Name of faculty who teaches you SE.
