8. **Brief description about the event :**

Workshop on Advances in Internet of Things (IoT) was good experience as it was related to latest technology. They gave a virtual experience and awareness on the latest technologies to develop latest projects that are ruling the market. It was very useful for the faculty, they understood the concepts, the working of IoT in real time with Cisco Packet Tracer 7.2.2 simulator. They will be now able to guide the students very well in their projects. Overall it was a good experience.
