No. SIET/ADM/E1/09

Date: 06.05.2019

Policy Circular

Subject: - Formation Centre for Engineering and Technology Education Development (CETED) institution.

A In order to educate and improve the teaching skills of the faculty, the management of SIET is planned to set up a separate cell “**Centre for Engineering and Technology Education Development (CETED)**” in the institution. One senior faculty from each department as mentioned below will associate / co-ordinate in the cell activities

1. Dr.S. Vijaya Mohan Rao Principal, Civil Engineering,
2. Dr.S.K Bikshapathy Professor,EEE department,
3. Prof.S.L. Narsimha Reddy HOD Mechanical department,
4. Dr.Subbarao Vice Principal,
5. Dr.R.Kavitha Professor CSE department.

This cell will be plan & organize the special activities &FDP’s to improve the methodology/ teaching skills of the SIET faculty, ultimately to improve learning capabilities of the students.

Room No: 201 in A-Block is nominated to set up the CETED cell.

Dr.D.Pradeep Kumar
Secretary

STAFF CIRCULAR

Sub: FDP on EFFECTIVE TEACHING METHODOLOGY through ISTE.

A Faculty Development Programme is being organized on 28th and 29th June 2019 from 10:00 Am to 5:00PM (Two Days) in collaboration with ISTE-IS, exclusively for SIET Faculty. All faculty members of the institution should attend the program without effecting the admission work, since the ISTE team are much particular about the faculty attendance. HODs are requested to extract the maximum admission work from the non teaching staff for these two days. Some of the selected junior faculty members from all departments are likely to deliver some lecture for 5 to 10mins

Student Engineers : Practising Professionals

Technological development is moving at a faster pace compared to the skills developed by the student engineers at our institutions. Preparing the engineers to industry-ready professionals is the need of the present engineering education. The concern of the day is that of producing employable engineers ready to take up jobs as professionals.

Saintgits College of Engineering, Pathamuttom, Kottayam (Kerala) organized the 47th ISTE National Annual Convention during 27-29 January, 2018 with the central theme as **Transform Student Engineers to Practising Professionals**. The theme is quite relevant when the quality crunch of technical education is much debated across various stakeholders.

The excerpts and salient observations are presented here as under.

1. Preamble

We know that All India Council for Technical Education (AICTE) has established National Board of Accreditation (NBA) with a purpose to ensure the quality of Technical Education. Most of the accreditation boards around the world give importance to the outcome of students as engineers and their acceptability as practicing engineers.

The NBA carries out inspections to satisfy itself in terms of the course contents, programme outcome and the Student's performance. Paradigm shift in Pedagogical process, Concentration on placement, Project based learning and Outcome Based Education (OBE) are some of the areas for which the attention need to be concentrated so that our engineers are tuned to adopt the reality of the field easily and comfortably.

2. Paradigm (pattern) shift in pedagogical process

Generating interest through innovative pedagogical practices is indeed the need of the day. Active and reflective learning, project based learning and learning

by doing can develop intellectual faculty appropriate to adoption for various situations in life. The educators have to redefine their role and act as facilitators for powerful and resourceful development of the students at the institutes to help them for effective performance in subsequent life as engineers. It is imperative that the pedagogy (mode of teaching) should be more meaningful and contextual with the need of time.

Nevertheless the attention to outcome based education should not be missed. The quality of education and the aim of producing skilled engineers befitting the expectation of the profession must go hand-in-hand. Ideal engineering education must aim at teaching the engineering fundamentals, along with enriching skills necessary for employability.

3. Placement and OBE

The focus of engineering graduates is the placement. The rating of any institute is also evaluated from the placement it enjoys. The institute necessarily desires good placement because it helps to attract keeping up and increasing the intake. It is also one of the factors that the students and the parents look for selecting the institute for admission.

Outcome Based Education (OBE) is the need of the day. OBE can help to reduce the gap between the academic programmes and the skill expected by the industry. Our programmes need to inculcate awareness to mitigate the gap which exists to day. This is a paramount essentiality for the academic institutes. It is evident that the outcome based education is also a key to adequate employability resulting into satisfaction of student engineers, parents and the employers. OBE helps the student engineers to become efficient practicing professionals in their career.

4. Project Based Learning

The project based learning is important instructional approach to be adopted in our programmes. It helps to

NEWS FROM ISTE FACULTY AND STUDENT CHAPTERS

ANDHRA PRADESH

- S.R.K.R. Engineering College, Bhimavaram organised 13th edition of NIPUNA, a two days National Level Techno-Management Symposium NIPUNA'19 on 1-2 February, 2019. The inaugural address was delivered by the Chief Guest Sri K. Narayana Rao Garu, Vice President (HRD), NCC Ltd, Hyderabad. The Guest of Honour was Dr. S.R.K. Reddy Garu, Advisor to Management, Gudlavallu Engineering College.

Dignitaries during the inauguration of Symposium NIPUNA'19

GUJARAT

- Atmiya University, Rajkot organised a students development program on Shaping the Young Mind on 26-6-2019. The objectives of the program was to make students aware of career opportunities for mechanical engineers and attitude development to get employable ready. The session was delivered by Dr. Ghanashyam Acharya and Prof. Manojkumar Sheladiya

Inauguration of ISTE Students Chapter by the dignitaries

- Atmiya Institute of Technology & Science for Diploma Studies, Rajkot organised seminar on Memory Techniques on 01-12-2018. Mr. Paresb Bhatt was the expert from The Advice & Assist Company.

Expert delivering the address during the seminar.

- The Chapter also organised National Mathematics Day on 22-12-2018. On this occasion seminar was organised on the theme Mathematics for Life for the 4th semester students of Automobile & Electrical Engineering branches. The seminar was arranged for 60 minutes with 62 participants and remained very interactive and informative for the students.

Seminar during the National Mathematics Day

TELANGANA

- Siddhartha Institute of Engineering & Technology, Ranga Reddy Dist. organised two days Faculty Development Programme on 28th & 29th June, 2019 on the theme Effective Teaching Methodology. The programme was inaugurated by Dr. M. Lakshmi Narayana, Assoc. Director/DRL and Dr. S. Vijaya Mohan Rao, Principal of the institution. Dr. Y. Padma Sai, Secretary, ISTE Telangana Section delivered a motivational speech during the valedictory function and distributed the participation certificates to the participants.

INTERNSHIPS

Faculty are involved in student's internships through MOUs with reputed Industries and organizations

Date: 25th January 2020

TO WHOM SO EVER IT MAY CONCERN

This is to certify that Mr M. Jayaprasad S/o Mr. Anandam student of SIDDHARTHA Institute Engineering and Technology, Vinobha Nagar, Ibrahimpatnam, Telangana, has successfully completed his internship training from our company for the period from 22.01.2020 to 25.01.2020 in our road project, Four Laning of Gaya-Housa-Rajgir Bihar Sharif Section, on NH-82 from Km. 00.000 to 92.935 in the state of Bihar.

Mr. M. Jayaprasad has involved in all civil associate works of project including quality control laboratory test, survey and setting out, earthworks and cross drainage structures and we found him sincere during the period with us.

We wish him all the best for his future.

Faculty involvement in Industry driven competitions in order to encourage the talented students to participate in competitions & Hackathon programmes to showcase their creativity.

The banner features the Siddhartha Institute of Engineering & Technology logo and NBA accreditation logo at the top. It congratulates Mr. M. Vamshi Krishna (18TP1A0330) and Mr. Sk. Abdul (18TP1A0337) for winning 1st and 2nd prizes and a cash prize of Rs. 30,000/- in the Pushpak-ROBOVEDA'2021 event at Srinidhi Institute of Science and Technology, Ghatkesar, Hyderabad. The banner includes three photographs: a group of students and faculty receiving awards, two students holding their drone, and a group of students and faculty at the event. A small 'Air Control' logo is visible in the bottom right corner of the banner.

IV Year I Semester Students Department of Mechanical, participated in Pushpak-ROBOVEDA2021 at Sreenidhi Institute of Science and Technology, Ghatkesar, Hyderabad (Academic Year 2021-2022)
